

# Camp Can-Aqua

## Why send my kids to Day Camp?

The Can-Aqua day camp philosophy is to provide day campers with a fun and rewarding experience that stimulates them, improves their confidence and self-esteem as well as develops their social skills. The day camp experience allows children to benefit from all that Can-Aqua has to offer without the anxiety of having to stay overnight, away from their parents. The Can-Aqua day camp experience fosters friendship and awakens children to the world around them. The day campers benefit from the wonders of the great outdoors in a safe and nurturing environment. Most of all, they have fun participating in a variety of age-appropriate activities, from Arts and Crafts and woodworking to sports such as swimming, canoeing, archery, soccer or ball hockey.
