

Wake/ Waterski

Can-Aqua's Wake/ Waterski Specialty Weeks

For Adventure Enthusiasts Seeking a Little Adventure on Skis and/or Wakeboards.

These single week specialty programs provide Wake/Waterski enthusiasts an opportunity to spend half their programming at the Can-Aqua ski school, with specialized wet and dry land instruction from one of our experienced Wake/Waterski staff.

Broken into two groups by skill and interest, participants will work with a devoted instructor for the entire week. This staff member will assess their skills and develop a training plan for improvement in their chosen discipline. This single

week opportunity is offered throughout the summer, based on availability.

Whether it is your first week on skis or you're ready for the slalom course, our coaches are there to guide you along the way. Our private lake creates a perfect platform to ensure ideal conditions and supports all levels of instruction.

To register for the Wake/Waterski Program, visit our website and follow the links.
